Lent Youth Alive Mass

Youth Alive Masses have been part of the Diocese for about 20 years now. Generations of young people have attended these Masses and met other young people; friendships have been formed and vocations have been fostered.

How?

You might try to bring your group of young people to the Lent Youth Alive Mass.

Animate plans this Mass and tries to have the Mass in different places around the Diocese.

If you contact Animate in enough time they would be happy to visit your PA for this Mass.

The Lent Youth Alive Mass is traditionally held on Palm Sunday, which is International World Youth Day. But this date can vary from year to year depending on school holidays etc. So please check when the date may be for each year on the Animate website.

If transport is an issue you could try to organise your own Mass on Palm Sunday to celebrate International World Youth Day.

Attending Youth Alive is an easy thing for any parish or deanery to do and involves little preparation.
